Design is not just what it looks like and feels like, design IS how it works.

- Steve Jobs

“The Best Way to Predict the Future Is to Create It.”
- Abraham Lincoln

Experience Combee Academy of Design and Engineering and build the habits, skills, and confidence needed for lifelong success - wherever your dreams may lead you.

Think like an engineer to discover how things work, investigate issues, and create solutions to complex problems.
Our students eagerly engage in authentic challenges which promote critical thinking, collaboration, and communication skills while building core knowledge.
By creating a friendly, open, and encouraging learning environment enriched with extra-curricular opportunities, we help students succeed and reach their full, unique potentials.

Learning at CODE Academy is exciting! Our Engineering Design and Computer Science magnet program provides opportunities for students to use advanced technology and to choose from a wide variety of learning environments, including our classroom STEM lab, fabrication labs, the Internet Café, our outdoor classroom, and plentiful field excursions. Experiences are hands-on, challenging, and interactive. Every day becomes a unique adventure!

ACADEMIC EXCELLENCE

An Innovative Approach

Students at CODE Academy lead their own learning, working with teachers to set and measure individualized goals. In this Personalized Learning approach, teachers coach and support students in collaborative, interactive settings. Learners are provided a wide choice of what, how, when, and where they gain understanding and demonstrate mastery.

Why Personalized Learning?

- Promotes innovation.
- Increases student engagement.
- Creates personal satisfaction.
- Develops life skills.
- Fosters a drive and mindset which is desired by employers.
